

ISO9001:2008 Certified - Federal Aviation Administration Certified - ANSI/ESD Compliant

Sonicare Solutions has been a global leader in the electronic components and aerospace industry for over 10 years, specializing in materials management and parts distribution. Our company is franchised and authorized to buy direct from hundreds of manufacturers including Amphenol, Littelfuse, and Tyco. We are ISO9001:2008 certified, Federal Aviation Administration (FAA) certified, and in compliance with ANSI/ESD S20.20 standard to prove to our customers that we enforce the highest quality practices in our industry.

Our top customers include ABB, Eurocopter, Flextronics and hundreds of other companies worldwide. They have trusted us with their business for years, and as part of our mission, we ensure that the products we supply pass through rigorous quality control procedures. All orders are shipped on time with services exceeding that of our competitors.

Sonicare Solutions also provides customized solutions such as excess stock management, part testing, custom packaging, RoHS conversion, tape and reeling and lead cutting. Our website offers online services where customers can login and view their quotes, orders, and shipments. Visitors can also search our inventories; submit requirements, place orders, and track shipments using our online tools.

Sonicare Solutions has offices in North America, China, and Taiwan offering millions of electronics and aviation parts and the ability to ship from any of our five global warehouses. Sonicare works hard to offer the best solutions and cater to each customer's individual needs within the electronics and aviation industry.
